

About Us:

6 River Systems is disrupting a hundred billion dollar industry with a new approach to warehouse automation. Founded in 2015, we have developed a solution built on proprietary mobile robots and cloud-based enterprise software. Our solution is half the cost of traditional automation and 2-3x faster than manual, cart pick operations.

Culture:

Our culture is built on trust, smarts, and collaboration. We have a West Coast vibe with Northeast drive. As a team, we encourage open discussion about particularly challenging problems. We are as passionate about hiring the right people as we are about building great products.

Position Overview:

We are searching for a Director of Finance to be build out an organization and team. The expectation is that you are fast learning, independent and can work across the organization.

This is an exciting opportunity to have a real impact on the development of our automation platform. You will work across disciplinary lines on a small team. We guarantee you will be bragging about your job to friends and family on weekends.

Key Activities:

- Own and update the financial model on a regular basis. Refine assumptions and provide data and direction to other leaders within the organization
- Maintain and coordinates completion of financial review templates by other departments
- Lead the compilation and analysis of consolidated budgets and long range plans
