

About Us:

6 River Systems is disrupting a hundred billion dollar industry with a new approach to warehouse automation. Founded in 2015, we have developed a solution built on proprietary mobile robots and cloud-based enterprise software. Our solution is half the cost of traditional automation and 2-3x faster than manual, cart pick operations.

Culture:

Our culture is built on trust, smarts, and collaboration. We have a West Coast vibe with Northeast drive. As a team, we encourage open discussion about particularly challenging problems. We are as passionate about hiring the right people as we are about building great products.

Position Overview:

We are searching for software engineers who love to deliver results in a fast paced environment. You will work with a small, highly motivated team and contribute to the company's culture, engage in high-energy exchanges on approach and design, and develop feature functionality quickly and elegantly. We are hiring at all levels.

This is a great opportunity for you to have a real impact on the creation of our automation platform and work across disciplinary lines on a small team. We promise you will be bragging about your job to friends and family on weekends.

Key Activities:

- Implement cloud and client side applications that coordinate work between mobile robots
- Author, test, debug and maintain reliable, production quality source code
- Participate in the design and architecture of major features

Position Requirements:

- Experience programming in multiple languages with the flexibility to learn new ones. Currently developing in Javascript, C++, Angular, and Python
- Self-motivated and able to achieve development goals with minimal supervision
- Commitment to rigorous testing & validation practices (we write lots of unit tests)
- Strong organizational, communication, and planning skills
- Desire to work in a dynamic environment
- Bonus: Experience with databases, supply chain applications, distributed applications, and Robot Operating System (ROS)

Compensation:

Competitive salary and equity. Excellent benefits and limitless career growth opportunities.

Location:

Position will be based at our headquarters in Waltham, MA

Equal Opportunity Statement:

We are committed to creating a diverse environment and are proud to be an equal opportunity employer. All applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
